

60300

60300 - Hendrix™ BUDD Nut Wrench

- Eliminates frozen inner/outer cap nuts.
- Eliminates the need for hand and foot aid in separating the nuts, therefore reducing needless injury.
- Reduces the work and potential for back strain because there is no need to lay the tire down.
- Won't lose its grip on the outer cap nut so there is no loss of torque, which will give the impact wrench maximum power and efficiency.
- Won't slip or rotate out of position, significantly reducing the potential for damage to chrome and aluminum wheels.
- Locks onto rim.
