## Specifications:

## MODEL 40304-40305

Tire patch repair is a tedious process with no room for error. With this in mind, the highest quality tools are necessary to properly and safely repair a tire with a patch. The **ESCO Heavy Duty Steel Stitcher Tire Patch Repair Roller Tool** is specifically designed for high volume, professional use. The solid, easy to grip handle is affixed to a durable, high-quality, patented steel 1 1/2 in. rolling flywheel with deep-cut teeth groves, provides accurate patching with every use

Patented designed fly wheel adds strength/durability while applying patches to tires.

Both the **Model 40304 & 40305** are designed with longevity in mind. Each handle was field tested and tech approved as the best option for ergonomic performance on the market for handheld stitchers.
