## BENEFITS & FEATURES:

- ▶ Compact design makes these jacks great for multiple applications including: Commercial Truck, Bus, Tractor & Farm Equipment, and much more.
- ▶ Chrome plated piston for extra rust and corrosion resistance.
- ▶ Fitted with a safety valve to prevent overloading.
- ▶ Double spring design for controlled and safe decent while releasing pressure from the cylinder.
- ▶ Design to be operated using air or manually with included two-piece lifting/lowering handle.
- ▶ Fitted with a heavy duty constructed chrome plated air motor designed with wear-resistant parts to ensure longevity and dependability in any lifting application.

# Specifications:

# MODEL 10380-10383

The **ESCO Pro Series Air Hydraulic Lifting Equipment** is designed with the heavy duty tire service market in mind. With lifting capacities from 12 Ton and up to 30 Tons, There is a Jack that will fit any service technician's needs. Each jack is designed uniquely for specific application including: Commercial Truck, Bus, Tractor & Farm Equipment, and much more.

### ADJUSTABLE EXTENSION SADDLE

Heat Treated Adjustable Extension Screw provides additional and precise height adjustments. Assists in not over extending cylinder to reach designed heights.

### MANUAL LIFTING FUNCTION

Design to be operated using air or manually with included two-piece lifting/lowering handle.

**PRO**  
SERIES

### EXTRA THICK BASE

Extra thick 1 1/4 in. (1 3/4 in. on 30 Ton Bottle Jack) jack base provides exceptional support and stability in severe conditions.

### HD WELDED CYLINDER/BASE

Fully welded cylinder and frame provide superior strength and extended service life.
