

CYCLONE CLASSIC BEAD SEATING TANK - 5 gallon capacity

MODEL 20380

- **Classic Designed End Discharge-** provides greater control and stability while seating even the toughest of beads.
- Designed for the use in commercial environments; works on ATV – 24.5 in. truck tires.
- Safety release valve set to 145 PSI.
- **ASME CERTIFIED TANK.**

CONSTRUCTED FROM DURABLE STEEL, these upgraded bead seaters build on the legacy of the **Cyclone** and **Cyclone II X-Series** with a high-force discharge barrel that delivers increased air volume and precision control.

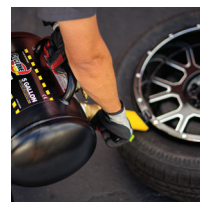

The forward-throwing design ensures maximum air delivery with enhanced accuracy for efficient bead seating every time.

CYCLONE II BEAD SEATING TANK - high air-flow designed release

MODEL 20390 & 20391

- **Fast & Powerful Discharge System** - quickly releases air and seats tire.
- Ergonomically designed handle positioning to support full control of tank while seating tire/wheel.
- **High-Force Discharge Barrel** – designed for precise maximum air release for best seating of the bead the first time.
- **ASME Certified Tank.**
