

BUDD NUT WRENCH - deluxe model

model 60300

WEIGHT: 4 lbs. | 2 kg
UPC: 816904023089

AIDS IN REMOVING FROZEN INNER/ OUTER CAP NUTS.

Eliminates the need for hand and foot aid in separating the nuts reducing needless injury.

- Minimizes the risk of back strain by eliminating the need to lay the tire down.
- Ensures a secure grip on the outer cap nut, maintaining torque and maximizing the torque wrench's power and efficiency.
- Prevents slipping or rotating out of position, significantly reducing the potential for damage to chrome and aluminum wheels.
- Locks securely onto the rim for reliable performance.

BUDD NUT WRENCHES - pork chop style

model 60301 | 60302 | 60303

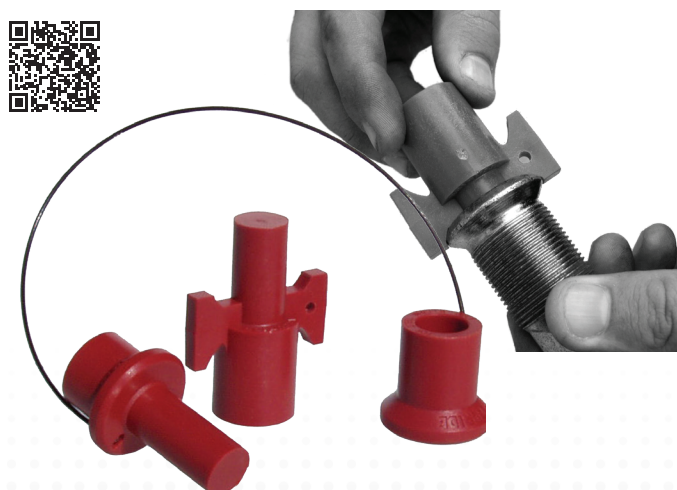

- Pork Chop Style design; can't slip out of rim hole, holds outer cap nut securely.
- Won't damage aluminum wheels.
- Solves the problem of damage to wheels as well as potential injury.
- All models have a **replaceable polymer covered stopper** that locks the tool securely in place.
