FOR LIQUID
TIRE BALANCE

100% MADE IN THE USA

ESCO LIQUID TIRE BALANCE is an eco-friendly alternative to balancing truck tires for the life of the tire. Instantly improve fuel mileage and extend the life of tires with this lead-free environmentally safe tire and wheel balancing liquid.

- Fluid dynamic tire balancing method eliminates the need for counter wheel weights offering a versatile way to balance truck tires for the life of the tire.
- Contains contact and vapor rust inhibitors.
- Designed to help maintain air pressure & will not block valve stem.
- Adjusts to changing driving conditions to maintain peak performance.
- Extends tire life, makes mounting and demounting easier, and prevents rust.
- Made from eco-friendly material (EPA APPROVED PRODUCT), does not freeze up to -40°F.

STEP 1

Remove Valve Core to Release Air From Tire Completely.

STEP 2

Remove Weights or All Other Balancing Compounds.

STEP 3

Cut the Cap at the Line on the Cap.

STEP 4

Install the Application Hose onto Cap.

STEP 5

Connect Hose to Valve Stem and Squeeze Bottle to Fill.

DEMOUNTED APPLICATION

Liquid Tire Balance Can Also Be Installed While the Tire is Demounted.

EASY INSTALLATION &
APPLICATION
22.5 & Above Use 32 oz.*
